Save Cooper Union Without Tuition

[Flag petition as inappropriate](#)

By Henry Chapman ([Contact](#))

To be delivered to: Dr. Jamshed Bharucha, Cooper Union President

Peter Cooper's mission is necessary more now than ever: Vote to keep Cooper Union as free as air and water!

Financial problems have prompted Cooper Union to consider altering its admissions policy of awarding merit-based, tuition-free scholarships. But as the embodiment of the ideal of free education, The Cooper Union cannot stay open as The Cooper Union without it. Please tell the President that we are committed to finding better solutions!

NEW goal - We need 4,000 signatures

There are currently 3,197 signatures

Cooper Launches New Website

Cooper Students Mount Exhibition in Foundation Building Colonnade

The screenshot shows the Cooper Union website with a navigation bar for various global locations (New York, Dubai, Paris, London, Beijing, Bombay, Detroit) and a search bar. Below the navigation bar are links for 'ACADEMICS', 'ADMISSIONS', 'ABOUT', and 'GIVE TO'. The main content area features a news item titled 'GRAND OPENING OF COOPER UNION'S DUBAI CAMPUS' with a sub-header 'City of Arabia'. The article includes a photo of a modern building model and a quote: 'The New Cooper Union' - Shake hands to new horizons, expansion and development! Synergization of global leaders for the advancement of multidimensional growth prospects. A 'LEARN MORE' button is visible at the bottom of the article.

The video player shows a man in a suit looking down. The text 'Cooper Union Tuition' is at the top. A play button is in the center. At the bottom, the text 'anyone uninterested in architecture, art, or engineering' is displayed.

In a dramatic turnaround from the silence imposed since Blackout Wednesday, the day before Thanksgiving, the administration launched a new website, <http://cooperunion.biz>, with full-disclosure about the expansion plans, branding deals, and global focus of "the NEW Cooper Union."

Prior to the blackout, the Office of Public Relations had refused to comment or respond to [questions](#) from *The Alumni Pioneer*, the Finance Office had cancelled an appointment and stated

"On the Table: An Exhibition for Free Education" opened at 6:30 PM on November 2011. There were a variety of works in varying media, with a heavy stress on graphic and conceptual work. The works were mounted anonymously, with no titles or signatures.

A portion of the work was mounted on the glass facade, and was viewable 24 hours. A colleague of mine enjoyed the taping of Form 990s printed on plastic, making them transparent - I'm not sure I would have gotten it if he hadn't told me. My favorite of outside work was a re-envisioning of the revolutionary war "Join or Die" flag with

@CooperTaskForce

The Cooper Union must make up a yearly shortfall of \$16M or risk extinction in 2014. An acceleration in revenue of \$7M/year² for 4 years will also work.

Removing Debt and Real Estate from Net Worth

The "before", "after", "total revenue", "total expenses", and "fundraising" columns are from the 990's. The fundraising column is just for show. By subtracting out the Chrysler building worth (which was only added to the value of the endowment in 2002), and the 51 Astor Place sale, and the loan for 41 Cooper Square, we can get rid of the biggest "extraordinary monies" that shouldn't be compared year-to-year, since they were one-offs and they confuse things. These figures are referred-to in the next section.
